Addy Cheng (鄭群艦)

Industrial Engineering × ESG Sustainability × AI Digital Transformation
brown890407@gmail.com | linkedin.com/in/群艦-鄭-186592307

PROFESSIONAL SUMMARY

M.S. candidate in Industrial & Systems Engineering at Chung Yuan Christian University (expected Jun 2027, in-service). Holds PMP®, ISO 14064-1/14067/50001/14068 Lead Verifier, and Six Sigma Green Belt. 2+ years of manufacturing sustainability and cross-functional (IE × ESG × AI) experience. Integrated AI tools to automate EHS workflows, achieving 58% efficiency gains. Former ICU/OR nurse — zero-error SOP execution and data-driven decision-making developed under clinical high-pressure are a competitive edge in smart manufacturing and process improvement.

WORK EXPERIENCE

Sustainability Project Manager | Jialong Technology Engineering Co., Ltd. Sep 2024 – Present

Process Improvement × ESG Governance

- Led ISO 14064-1 GHG inventory (Scope 1/2/3): boundary definition → data collection → third-party certification; built internal carbon inventory SOP, eliminating external consulting costs (NT$1M+/year saved, 100% cost reduction).
- Implemented ISO 50001 Energy Management System; established Energy Baseline & EnPI; completed ISO 14067 carbon footprint lead verification — achieved 100% ESG compliance coverage.
- Drove "Safe Factory" program: designed Hazard Identification SOP and contractor training curriculum; maintained zero-incident production environment, strengthening EHS system resilience.

AI Digitization × Efficiency Optimization

- Integrated Notion / Gemini / Google Workspace to automate EHS workflows — reduced administrative consolidation from 60 min to 25 min (58% efficiency gain), significantly boosting per-capita output.
- Led internal AI-POC initiative (Machine Learning & Generative AI) as Project Manager, driving No-code AI Studio rollout and EHS AI Agent training.
- Independently built and deployed a certification dashboard site and an image-recognition demo site via Vibe Coding (AI-assisted development).
- Led cross-functional team to produce sustainability report verified by third party; won 2025 TSAA Taiwan Sustainability Action Award (5th) Silver Medal (SDG07 Sunshine Green Power – Sustainable Workplace) and Green Enterprise Environmental Label the same year, followed by the 2026 TSAA Taiwan Sustainability Action Award (6th) Gold Medal (SDG11 Sustainable Cities and Communities).

Guest Assistant Instructor | College of Management, National Central University (concurrent, on behalf of Jialong Technology) Feb 2025 – Jun 2025

- Supported course planning and delivery for an industry-academia lecture series on behalf of the company.

Intensive Sustainability Training | Industrial Technology Research Institute (ITRI) Jun 2024 – Aug 2024

- Completed 2-month intensive program in manufacturing sustainability engineering; earned ITRI Green Industry Talent Certificate.

ICU / Operating Room Nurse | China Medical University Hospital Jun 2022 – Jun 2024

- Coordinated cross-specialty (surgery / anesthesia / administration) communication in high-pressure OR; proactively identified and corrected surgical equipment discrepancies, preventing medical incidents.
- Cultivated systematic risk identification, zero-error SOP execution, and data-driven decision-making — directly transferable to smart manufacturing and IE process improvement.

EDUCATION

M.S., Industrial & Systems Engineering | Chung Yuan Christian University Expected Jun 2027 (in-service)

B.S., Nursing | Chang Gung University of Science and Technology Graduated Jun 2022

A.S., Nursing | Fooyin University Graduated Jun 2020

CORE SKILLS

Industrial Engineering: Six Sigma Green Belt, KPI Setting, Process Improvement, Production Efficiency, Bottleneck Analysis, IATF 16949 Internal Auditor, ERP/MES
ESG / Energy: ISO 14064-1/14067 Carbon Inventory (Scope 1/2/3), ISO 50001 Energy Management (EnPI), Carbon Footprint Analysis, EHS Management
AI / Digital: Notion Automation, Google Workspace, Gemini, Azure AI Fundamentals (AI-900), IPAS AI Application Planner (Intermediate), Google Career Explorer (AI, Cloud & Digital Marketing), Vibe Coding (AI-assisted development)
Project Management: PMP®, Cross-functional Collaboration, Milestone Management, Resource Allocation, Risk Management

KEY CERTIFICATIONS

- **[Project Mgmt]** PMP® Project Management Professional
- **[ESG / Energy]** SGS ISO 50001 Lead Auditor · SGS ISO 14064-1 Lead Verifier · SGS ISO 14067 Lead Verifier · SGS ISO 14068 Carbon Neutrality Lead Verifier
- ESCO Energy Performance M&V Engineer (Entry) · IPAS Net-Zero Carbon Planning Manager (Intermediate)
- **[Ind. Engineering]** Six Sigma Green Belt · IATF 16949:2016 Internal Auditor · Class A Occupational Safety Officer
- **[AI]** IPAS AI Application Planner (Intermediate) · Microsoft Azure AI Fundamentals (AI-900)
- Google Career Explorer — AI Essentials (2026) · Google Career Explorer — Google Cloud (2026) · Google Career Explorer — Digital Marketing (2026) · PMI Generative AI for Project Managers Series (4 courses, 2026): Data Landscape of GenAI · GenAI Overview · Practical Application · Prompt Engineering · OpenAI Course Completion: Agents and Workflows · AI Foundations · Applied AI Foundations (2026) · FutureLearn — Digital Skills: Artificial Intelligence (Accenture, 2026)
- **[Security]** Google Cybersecurity Certificate (2026)
- **[Language]** TOEIC 600 · PVQC Professional English Vocabulary Certification

※ *Full portfolio of 85+ certifications (ESG, healthcare, athletics) available upon request.*

AWARDS & RECOGNITION

- 2025 | TSAA Taiwan Sustainability Action Award (5th) — Silver Medal (SDG07 Sunshine Green Power – Sustainable Workplace)
- 2026 | TSAA Taiwan Sustainability Action Award (6th) — Gold Medal (SDG11 Sustainable Cities and Communities)
- 2026 | Taoyuan City Net-Zero Sustainability Award — Green Procurement Excellence Trophy
- 2025 | Green Enterprise Environmental Label
- 2026 | Distinguished Employee Award — Jialong Technology
- 2026 | Listed in IPAS Certified Talent Hall of Fame (Ministry of Economic Affairs)
- 2026 | Invited for IPAS Podcast Interview by Ministry of Economic Affairs
